In the Matter of)
)
Amendment of Section 73.202(B))
Table of Allotments)
EATONVILLE, WASHINGTON)

RE: MM DOCKET # 92-82

RM-7843

RECEIVED

JUN - 9 1992

TO: The Chief, Mass Media Bureau
The Chief, Allocations Branch

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

COMMENTS AND EXPRESSION OF CONTINUED INTEREST IN ALLOCATION

Comes now, Fatima Crusade Educational Radio Foundation, hereafter "Fatima Crusade", In Pro Per, and respectfully requests that the Commission adopt the instant rulemaking request, to allocate FM Channel 285 A to the incorporated City of Eatonville, Pierce County Washington for Educational / Non-Commercial use only.

Fatima Crusade asks that the Commission amend Section 73.202(B) as follows:

<u>CITY</u>	<u>EXISTING CHANNEL</u>	<u>PROPOSED CHANNEL</u>
Eatonville, Washington	NONE	* 285 A

In support whereof, the following is shown:

1. Fatima Crusade asks the Commission to allot FM Channel 285 A to the community of Eatonville, Pierce County, Washington as that city's first local radio service and first fulltime FM radio service. Fatima Crusade also requests that the Commission reserve FM Channel 285 A for use by Noncommercial - Educational use applicants only. Eatonville is within the Metropolitan Area of "Tacoma-Pierce County" and is contiguous to FOUR OTHER "METRO" AREAS as listed in Exhibit E-1, there are no "Reserve Band" educational channels available.

1 2. If allotted, Fatima Crusade confirms its' intent to apply
2 to the Commission for a construction permit to build and operate
3 an FM broadcast station on the allocated channel at Eatonville.
4 Fatima Crusade has located two differant sites near the community
5 of Eatonville that will comply with all Rules and Regulations of
6 the Commission inregards to the location of proposed transmitter
7 sites. Either of the two proposed transmitter sites do NOT
8 require Directional Antennas, but would enable Fatima Crusade to
9 apply for the full 6 KW Class A Power. Any other "Reserve Band"
10 channel would require a directional Antenna and limit ERP to
11 BELOW 2 KW or the equivalent at Plus 100 Meters. The allocation
12 of Channel 285 A as an Educational - Noncommercial allotment is
13 thus in the Public Interest in that it would provide superior
14 coverage over the entire service area.

15 In conclusion, Fatima Crusade, respectfully requests that the
16 Commission allot FM Channel 285 A to the community of Eatonville,
17 Washington for use by Noncommercial - Educational applicants only
18 and that if allotted Fatima Crusade intends to apply for use of the
19 channel.

20 Respectfully,

21

22 Dated June 3, 1992.
